The Honorable John L. McLucas Secretary of the Air Force The Pentagon

Dear Dr. McLucas:

Following our telephone conversation a few days ago, I have re-examined with General Graham our requirements for services. He has continued to make a valuable contribution to our study of the intelligence warning problem. General Graham expects that he will play a key role as we move to improve community procedures and mechanisms in the warning arena.

Gommunity Staff for a period of nine to twelve months, effective I August 1973. It is my understanding you now desire to move promptly to obtain a temporary replacement for until the summer of 1975, and that his return to the Air Force would be postponed until that time. We welcome such an arrangement which would appear to meet the requirements of both the Air Force and the Intelligence Community Staff as well as protect career interests.

Again, I wish to express my appreciation for your assistance and support of the Intelligence Community Staff.

Sincerely,

W. F. Colby
